Re: Carrier Corporation Superfund Site  
Collierville, Shelby County, Tennessee

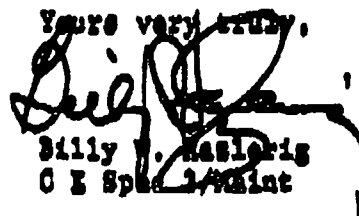

Dear Mr. Holland:

This office has inspected the proposed location of the Monitoring Well and agree the site as mentioned in your August 14 request would be acceptable to us.

You may proceed as necessary. Should there be any local permits, fees, etc., it is understood Carrier Corporation is to be responsible and that all work will be performed off the roadway.

Please advise when installation is complete.

Yours very truly,
